FIFTY YEARS' CONTINUOUS SERVICE TO THE OKANAGAN VALLEY

VOL. LII.—No. 15.—Whole Number 2674.

VERNON, B.C., THURSDAY, AUGUST 20, 1942

\$2.50 Payable in Advance

AN INFORMATIVE  
Article, dealing with an unfamiliar  
angle of the O.C.F., is printed on  
Page 2 of this issue. The Vernon  
News have no specific information  
such as is outlined, but is printing  
it with the idea of acquainting  
its readers with an aspect seldom  
mentioned.

## Thieves Grab \$200 From Dentists Desk

Three Cars Stolen In Outbreak Of Crime In Vernon

Activities of a thief, or thieves, have caused much uneasiness among Vernon citizens during the past week. The crimes range in magnitude, from removing a large sum of money off the desk of a city dentist, to removing washing from clothes-lines.

Between the hours of eight and nine a.m. last Friday morning, the office of Dr. H. L. Courcier in the Royal Bank Building was entered, and a considerable sum of money stolen.

The only solution available at the time is to press a suit against an unknown prowler who walked into the Doctor's office through an unlocked door, which the janitor had, apparently, failed to secure after he had allowed an employee of a city firm to inspect the plaster in the office about eight o'clock.

Dr. Courcier was away on his holiday at the time, and his nurse did not arrive to commence her daily duties until about nine a.m. The Provincial Police are working on the case, but, as yet, have had no success in tracing the thief.

Cars Stolen

On Saturday morning, the Provincial Police in this city could successfully state that they had recovered two out of three automobiles which were stolen the previous evening. The automobiles that were safely in the care of the police next morning, were owned by C. Anderson, a visitor from Alberta, and W. Jarnson, of Duncan. The third vehicle stolen that evening, a 1940 Ford sedan, owned by M. A. Lincoln, was later recovered. In the car was a quantity of equipment which Mr. Lincoln had been using in the prosecution of his business, and this has not, so far, been located; nor have the thief, or thieves, been brought to justice.

A car, owned by John Vollett, circulation manager of The Vernon News, was broken into a few nights ago. The car was parked in the rear of the business premises.

## CITY WILL LEASE LAND FOR PIPE-LINE

At Monday evening's meeting of the City Council, a letter was read from the Canadian Pacific Railway, with regard to the City for a pipe-line for service to the disposal works.

This line, to be laid by the Department of National Defense, will run north on Hill Street, to Mission Street, and continue north down to the C.P.R. right-of-way, through this place of land which stretches 430 feet to Grouard Street, thence to Hankey Street, and to the disposal works.

The council decided to prepare a lease, rental to be \$5 per month for the 430 feet, property of the C.P.R.

## FINED FOR EXCEEDING MILITARY AREA LIMIT

J. Briard appeared before Magistrate William Morley on Tuesday morning, charged with exceeding the speed limit designated by signs which state "miles per hour through military area," on Highway No. 5.

Mr. Briard explained that he had not driven over that piece of road since the new signs were erected six weeks ago, and took it for granted that the post signified a speed limit of 30 miles per hour, which had been customary. He was fined \$5 and \$1.75 costs.

## Howitzers, 18 Pounders, Trucks, Wheel Smartly Into Line At Review

Approximately 550 officers and men, including transport, comprising the 39th (Reserve) Regiment, R.C.A., were reviewed on Friday morning by Col. A. W. Spaulding, D.S.O., Officer Commanding 39th Reserve Group. The ceremonies took place in the Polson Park oval, and presented an imposing spectacle, as the regiment marched past the reviewing stand, where Col. Spaulding took the salute. With him were Lieut. Col. R. C. Spaulding, Major R. H. Johnson, Brigadier Major, 39th Reserve Group. The Training Centre band, conducted by Capt. Ratcliffe, were in attendance.

The inspection commenced at 8 a.m., the war in some respects, seemed very far away. The early sunning of a perfect summer morning shimmered on the trees to the left of the "diamond," a vista of misty hills with the cross of a nearby church in the foreground, served to contrast sharply with the military scene. In full R.C.A. dress with arms and no combatants. Impressive were the 30-hundred weight general service trucks, with canvas tops, also smaller trucks of 15-hundred weight, dragging 18-pounder guns, also 45

ON THE PARADE GROUND  
Morning after morning the 39th fell in here to march down to the oval for that everlasting "ceremonial." One thing they did do was to learn how to "embus" and "debus." Trucks and guns in position to embark on a scheme—Battery Blast—Courtesy Cleland-Kent Engraving Co.

## Had The Time Of Their Lives

Some fishermen are catching "em."

Mr. and Mrs. W. Sigale, of Vernon, went fishing at the south end of Mabel Lake on Sunday and caught three fish totalling 40 pounds 4 ounces in weight. The daddy of them all was a 22 pound 4 ounce salmon. In addition to this Mr. Sigale got a 12 pound and a 6 pound grey trout.

The fish were caught at the Lumby end of Mabel Lake on an Alcock Stewart No. 5 1/2 spoon using 300 feet of copper line.

Mr. Sigale said he had the time of his life with the big fish.

## SEVERAL VERNON MEN ENLIST IN SERVICES

Total Of 19 Left Wednesday From Valley—14 Previous Week

A total of 19 young men who successfully passed the necessary medical tests preparatory to entering the armed forces, left for the Coast on Wednesday night. These recruits were, Arthur H. Abbott and Robert E. Hamilton, from Vernon; Lawrence M. Sullivan, from Armstrong; George T. Jewell, Arthur Underwood, Harold Goodison, George D. Renals, Henry Wanderson, Arthur R. Clarke, Lorn James, Reginald D. Horton, Henry H. Wilson, Orville H. Watson, Robin M. White and C. M. Boyer, of Kelowna; Harvey C. Robt. Nor, Richardson and Carl W. Johnson, of Penticton; and Thomas A. Duncan, of Oliver.

Recruits who left this city on Wednesday of last week, August 12, included seven Vernon young men, listed in last week's issue of this newspaper; also E. McDougall, G. A. Stevenson, Westbank; A. T. Read, Salmon Arm; D. McLean, W. J. Sinclair, A. Sinclair, Okanagan Falls; A. W. Dawson, Keremeos.

## FIVE GIRLS RIDING ON TRUCK NARROWLY ESCAPE

Last Sunday, the road to Kalamalka Beach was the scene of what might have been a very serious accident.

E. Mattock was returning from the beach, with a load of five young girls in the back of his half-ton truck. Just north of the golf course, Mr. Mattock proceeded past another vehicle on the road. Having done this his automobile started to sway, and then turned over.

The five girls riding in the back, were thrown clear. Miss Marion Karyluka sustained a cracked bone in her wrist. The other girls were not hurt, although they sustained bruises.

## Vexed Question Of Site For New Hall

Council Insists That Recreation Centre Be Located Down Town

Arriving in Vernon this morning, Thursday, was F. J. Townsend, B.C. Supervisor, Canadian Legion War Services, together with the Vancouver architect, who brought with them plans and specifications for the military recreational centre which it is proposed to erect in this city.

The Citizens' Contact Committee feel confident that the outcome of this visit will result in definite arrangements being made, both as to the site upon which the building will be erected, and the type of structure.

Mr. Townsend and the architect met the Vernon Citizens' Contact Committee this morning, and, at the time of going to press, it is understood that all sites are being viewed and examined, the final decision to rest with Mr. Townsend. Three sites on Burnside Avenue have been placed at the disposal of the Supervisor and the Committee, as well as the site in Polson Park on Eighth Street, adjacent to the High School buildings.

After the regular meeting of the City Council on Monday evening, and the following resolution was submitted to the Secretary of the Citizens' Contact Committee, Walter Bennett. The text is as follows: "That this Council is distinctly opposed to any consideration of erecting the Soldiers' Auditorium on the old High School site, and that it is the policy of the Council to urge that immediate contact be made with Mr. Townsend with a view to its erection on one of those sites on Burnside Avenue, offered by this City."

The opinion of the Aldermen, which has, until Monday evening, been divided, has now converged on one objective. They are so much opposed to the site on Eighth Street, in Polson Park, that they are willing to agree to any other proposal.

At 1:30 this afternoon, Mr. Townsend and the architect will meet city councillors to discuss matters relative to construction of the building.

## R.C.A.F. TO RECRUIT IN COUNCIL CHAMBER

A letter was read at Monday evening's meeting of the City Council from the Royal Canadian Air Force, requesting the use of the Council Chamber on August 20 and 21. Alderman Galbraith took exception to this request.

The Council chamber is solely for the transaction of City business, he declared, "I like to see its dignity preserved," he further stated. It was finally decided to place the room at the disposal of the R.C.A.F. another table to be used.

## Stop-Over Privileges Granted By Canadian Railways On Cars Of Rosy Okanagan Apples

Smaller Retail Centres On The Canadian Prairies Can Now Secure Half A Car Under New Regulations

An important concession by the Railway Companies in the allowance of one unloading in transit was announced on Wednesday by David McNair, Sales Manager of B.C. Tree Fruits Ltd. and E. J. Chalmers, Director of the Wartime Prices and Trade Board, who returned on Monday from Eastern Canada and the United States. This decision came after the two railways had repeatedly refused to allow such a practice. At a meeting held in Vancouver last winter, to discuss minimum car loadings the recommendations from British Columbia were contingent upon the railways granting stop-over unloading privileges. This latter provision was

## DAILY SHIPMENTS SIXTY CARS FRUIT, AND VEGETABLES

Soon Reach Peak Of 100—Demand For Green Apples Below Normal

A total movement of 60 mixed cars of fruit and vegetables daily was reported yesterday, Wednesday. This will soon reach the peak of 100 cars to be shipped each day. The market for early apples is disappointing, according to a statement made to The Vernon News by A. K. Loyd, B.C. Tree Fruits Limited, Kelowna. The movement is 30 percent lower than in 1941. This condition is thought, by extension, curtailing the early preparation of the early apple by housewives.

Tomatoes are still in good demand, with quality improving. In fact, there are not sufficient for market requirements, due to Kamloops carloads being fearful that the contracted supply will not be available. Growers are being asked for supplies at the present time.

The supply of cukes are clearing up. The cucumber produced on the Prairie now being on the market, local demand has been interfered with.

In the southern end of the valley, cantaloupes are at peak of production, with shipments moving heavily.

That apricots, Moorpark, Kaleden and Ryland's, fell short of estimate for fresh fruit market, was a further statement made yesterday by Mr. Loyd. Some of these had to be diverted to the cannery, due to the shortage of varieties suitable for this purpose. A fair quantity of this fruit was imported from Washington, after the dump duty was removed. However, the results did not work out very well for the importers.

To date, 163,000 crates of Rochemore peaches have been shipped.

## WORK COMMENCED ON NEW COMFORT STATION

At the City Council meeting held on Monday evening, Alderman C. J. Hurt reported on the progress being made on the comfort station, now being constructed in the old city jail buildings. Slight difficulty had been encountered in moving partitions. The portion of the building now housing the Library and the Okanagan Valley Minesweepers Fund will be used, new quarters being instituted for these organizations in the same building.

After considerable work had been done on the Polson Park diamond on Saturday, preparatory to the ball-game on Sunday afternoon and evening, it was considered extremely disappointing that no games were played.

Tenders were read from two city firms, relative to the price of coal. The lowest tender was accepted, the figure being \$14.20 f.o.b. per ton.

Permission to grant tag-days being the prerogative of Mayor A. O. Wilde, His Worship revealed that he had given such sanction to the Okanagan Valley Minesweepers Fund to hold a tag-day in November. Suitable opportunities for this form of canvassing in the intervening time have already been taken up.

## ADVANCING YEARS NO DETERRENT TO FISHING

Mrs. F. A. Greenaway Goes Fishing For First Time At 71

A fly rod, 75 feet of line, a small Tacoma spinner and a three pound fighting Rainbow trout on one end and a 71-year-old lady on the other who never before had done other fishing. This was an experience enjoyed at Mabel Lake last week when Mrs. E. W. Greenaway for the first time in her life went fishing.

When the trout hit, the elderly lady wanted her son to take the rod, but she laughingly refused and they had to battle it out. The Rainbow went through all his famed stunts, leaped in the air, dived towards the bottom of the lake, raced around the boat, under, over, in every direction, and the elderly lady hung on like grim death, until finally in about 20 minutes she got the fish to the side of the boat and landed it.

Not only is Mrs. Greenaway 71 years of age, but she has been an invalid for some time, and the capture of the trout seemed to give her new life. She looks forward to another fishing trip at Mabel Lake in the not too distant future.

## RECEIPTS RUSSIAN WAR RELIEF TAG DAY \$251

The committee of the Russian War Relief in Vernon, announce the gross receipts of the tag day held on Saturday, were \$251. This total they consider to be very satisfactory, and they express themselves as delighted with the generosity of the people of Vernon and district.

## FIRE DEMOLISHES 75 ACRES OF RANGE LAND

About 75 acres of Lon Rice's range land in the B.C. district went up in flames last Thursday. Forestry officials who investigated the smoldering remnants of the blaze stated that the cause of the fire was unknown.

## Enemy Activities On The Home Front!

At the Monday evening meeting of the City Council, a resolution was read from the Vernon branch of the British Columbia Women's Institute, urging that a curfew by-law be prepared for this city, and intimating that the Institute was wholeheartedly behind this measure of control.

Alderman C. J. Hurt stated that during the week he had talked with member of the B.C. Provincial Police, and his conversations had been so convincing that "he was now quite converted to a curfew."

Alderman F. Galbraith was of the opinion that instituting such a measure would not serve its end. "It is my opinion that a curfew bylaw will not deal successfully with existing conditions," declared the Alderman. "This will present no cure," he further emphasized. "There must be another way out besides a curfew," he concluded. "You will go over to the traces anyhow," said Alderman D. Howie. "I am not in favor of restricting young people," he stated.

Mayor A. O. Wilde pointed out the far-reaching effects of such a measure. "This may mean," he said, "that the children of many of our taxpayers will be 'phoned.'"

The Mayor also emphasized the difficulties which would follow in its wake as to visitors, and young people who frequented the second evening show. Comparisons were drawn between this and other cities where it is understood that curfew bylaws are instituting, and said to be working smoothly. It was agreed that Penticton, Nelson, Kamloops, Kelowna, and especially Chilliwack be contacted, this latter being now a military centre, in an endeavor to ascertain how the curfew bylaw functions in these cities.

## OVERSEAS TOBACCO FUND IS IMPERILLED THROUGH PILFERAGE

Miss Rhoda Foster Handles Vernon End Of This Work

Hon. Herbert Anscombe, Minister of Trade and Industry, announces that serious losses through pilferage at sea have been experienced by the British Columbia Overseas Tobacco Fund, operated by his Department. These have been absorbed by the fund, so there is no loss to the individual men or units for whom the cigarettes were intended.

Assisting locally is Miss Rhoda Foster, who has handled the work since its abandonment by the Vernon Junior Trade Board. Mr. Anscombe has paid tribute to the excellent co-operation of organizations assisting in operation of the fund, which has proved such a boon to B.C. men serving in Britain since its inception 18 months ago. Letters of appreciation are received regularly from the men. Mr. Anscombe is quoted as saying that the Government is reluctant to discipline this valuable service owing to pilferage, but while the fund has been able to replace all shortages to date, if losses continue at the present rate, there would appear no alternative. Loss through enemy action at sea has been slight, and where it has occurred the tobacco manufacturers have promptly arranged replacement of the goods.

The public is assured that any losses of this kind will not interfere with execution of individual orders, and should circumstances compel any change in the fund, plenty of notice will be given.

Some generous donations have been received by the fund providing hundreds of thousands of cigarettes for distribution to B.C. units and B.C. men in other units.

## Cars Smash Up At Salmon Arm Occupants Escape With Only Minor Injuries

Visitors From Alberta Collide With Charles Pipe—Sustain Minor Injuries

SALMON ARM, B.C., Aug. 17.—What might have been a very serious accident occurred on the Old Enderby Road last Tuesday evening.

Mr. and Mrs. Walter Vague and three children, of Halkirk, Alta., were on their way to Vancouver. Coming down the road they were approaching the drive-way into the Booth property, when a car, driven by Charles Pipe, emerged onto the highway. Apparently the sight of the approaching car caused the visitors and before the brakes could do good work their car had crashed into the Pipe vehicle. The latter was overturned and badly damaged, while the Alberta car had the whole front battered in.

Fortunately, none of the occupants were badly injured. The local car contained the driver and two passengers, Alex Cameron and Ted Pipe.

Mrs. Vague was sitting in the

front seat holding her five-month-old baby. She raised her arm to protect the infant but was thrown with such force her elbow pushed the shatterproof windshield out considerably.

The injured were taken to the hospital where Mr. and Mrs. Vague had some cuts stitched, and the baby remained under observation in the hospital over night.

As their car was not fit for travel, Mr. and Mrs. Vague left by train for Vancouver the next morning and intend to pick up their repaired car on their return journey. Mr. Pipe's car is practically beyond repair, and the occupants of both cars had a miraculous escape.

With fine weather prevailing, Salmon Arm Valley farmers are busy harvesting hay, grain and pea crops. The shortage of labor is a serious handicap and consequently long hours have to be put in if the crop is to be saved. Pea

threshing is progressing favorably, although the heavy rains this season have caused a heavy weed growth which slows down cutting and threshing of the large acreage planted in peas. Several cars of early apples have gone out and pending more color, the Wealthies will be ready to pick.

Frank S. Thomson, of the teaching staff of Salmon Arm Central School, has been appointed Industrial Arts teacher with the Armstrong Consolidated School. Mr. and Mrs. Thomson and their daughter will leave for their new home next week. Their home on the old Enderby Road has been purchased by Dr. J. Graham, dentist, who

will move his family from Summerland for school opening.

Constable George Heatley, of Kamloops, have been spending several weeks visiting at the summer home of Mrs. Heatley's parents, Mr. and Mrs. A. Bedford, at Pierre's Point. Constable Heatley returned to Kamloops on Friday last, but Mrs. Heatley will remain for a few weeks.

Miss Joyce Pangman, of Vancouver, arrived last week to spend a short holiday visiting her parents, Mr. and Mrs. L. B. Pangman. Mrs. Pearcey and her two children, of Premier Mines, B.C., left on Thursday for the Coast, after spending six weeks at Glen Echo Camp, near Salmon Arm. She will visit with relatives in Vancouver for a short time before returning to her home.

Mrs. M. Smith returned home on Friday after spending a visit with her son and daughter-in-law, Mr. and Mrs. W. H. Smith, at Naramata.

Miss Gertrude Richardson, of Calgary, has been the guest of Mr. and Mrs. M. P. Doyle for the past two weeks.

After spending the past week visiting with friends and relatives in Salmon Arm and district, Mr. and Mrs. Ezra Berscht, and their daughter, Doreen, of Calgary, accompanied by Mr. and Mrs. Elmer Mack and their daughter, Gloria, of Nanton, Alta., left on their return journey Monday morning.

Mr. Berscht is a brother of Allan Berscht, of the Overwaitea Ltd., Salmon Arm.

Mr. and Mrs. Percy Jones, of Vancouver, have been spending two weeks' vacation camping at Glen Echo Camp. Mrs. Jones is a sister of Mrs. C. R. Beer, Salmon Arm.

Miss Mary Sabourin, who is taking part of her nursing training at Tranquille, is spending her vacation visiting her parents, Mr. and Mrs. C. W. Sabourin.

Mrs. A. McDonald left on Friday morning to visit her son-in-law and daughter, Mr. and Mrs. R. Turner, and son, Douglas, in Vancouver.

After spending the past two months visiting Mr. and Mrs. J. D. Cameron, Mrs. J. Brault and two daughters, Marie and Bernadette, left on Friday for their home in San Francisco, California.

Wireless Telegrapher Wayne Chambers, Royal Canadian Navy, is spending a few days visiting his parents, Mr. and Mrs. H. M. S. Chambers, "Sunnybrae."

Doug Edwards, accompanied by his friend, O. Stuen, drove up from the Coast to visit A. Edwards, Foothill Road. Both men are employed at construction work at Tofo, V.I.

Pte. A. McKim, R.M.R., is spending two weeks' leave visiting his parents, Mr. and Mrs. S. A. McKim, also his wife and daughter, Marilyn.

Mr. and Mrs. J. F. Doe left on Friday for a short vacation in Vancouver. Mr. Doe has been a faithful caretaker of the Salmon Arm High School for several years. This is his first holiday in 24 years.

Pte. Walter McKervel, C.A.F., is spending leave from Camp Borden visiting at his home in Tappan.

Mr. and Mrs. Vern Solberg left on Sunday for Vancouver, where Vern will take examinations preparatory to entering the armed forces.

Miss Mildred Chambers, of "Sunnybrae" had the misfortune to fracture her leg last Monday evening. She, with another girl, were out horseback riding when Mildred's mount quickly took to the woods. She was thrown off, and besides the fracture, she received several minor bruises. She was rushed to the hospital where her condition has improved favorably.

Mrs. J. D. McGuire is visiting at the Coast and Fraser Valley points. Going by way of Princeton, she stayed with her sister, Mrs. Avery, and spent some time with her son, Carson, at Chilliwack, before going on to Vancouver.

## FEW RECRUITS ENLISTED 23RD VETERAN'S GUARD

The result of the effort to obtain recruits for the 23rd Company, Veterans' Guard, during the visit of the mobile recruiting unit to Vernon on August 13 and 14 did not come up to expectations. Only two soldiers from the last war were passed as medically fit in Vernon, out of 14 who offered to enlist. Two factors are held responsible for this rather disappointing result, one being the abundance of work available; and the second, the rigorous nature of the medical tests.

Those who were accepted are: F. Ball, Kelowna; O. E. Saunders, Trinity Valley.

will move his family from Summerland for school opening.

Constable George Heatley, of Kamloops, have been spending several weeks visiting at the summer home of Mrs. Heatley's parents, Mr. and Mrs. A. Bedford, at Pierre's Point. Constable Heatley returned to Kamloops on Friday last, but Mrs. Heatley will remain for a few weeks.

Miss Joyce Pangman, of Vancouver, arrived last week to spend a short holiday visiting her parents, Mr. and Mrs. L. B. Pangman. Mrs. Pearcey and her two children, of Premier Mines, B.C., left on Thursday for the Coast, after spending six weeks at Glen Echo Camp, near Salmon Arm. She will visit with relatives in Vancouver for a short time before returning to her home.

Mrs. M. Smith returned home on Friday after spending a visit with her son and daughter-in-law, Mr. and Mrs. W. H. Smith, at Naramata.

Miss Gertrude Richardson, of Calgary, has been the guest of Mr. and Mrs. M. P. Doyle for the past two weeks.

After spending the past week visiting with friends and relatives in Salmon Arm and district, Mr. and Mrs. Ezra Berscht, and their daughter, Doreen, of Calgary, accompanied by Mr. and Mrs. Elmer Mack and their daughter, Gloria, of Nanton, Alta., left on their return journey Monday morning.

Mr. Berscht is a brother of Allan Berscht, of the Overwaitea Ltd., Salmon Arm.

Mr. and Mrs. Percy Jones, of Vancouver, have been spending two weeks' vacation camping at Glen Echo Camp. Mrs. Jones is a sister of Mrs. C. R. Beer, Salmon Arm.

Miss Mary Sabourin, who is taking part of her nursing training at Tranquille, is spending her vacation visiting her parents, Mr. and Mrs. C. W. Sabourin.

Mrs. A. McDonald left on Friday morning to visit her son-in-law and daughter, Mr. and Mrs. R. Turner, and son, Douglas, in Vancouver.

After spending the past two months visiting Mr. and Mrs. J. D. Cameron, Mrs. J. Brault and two daughters, Marie and Bernadette, left on Friday for their home in San Francisco, California.

Wireless Telegrapher Wayne Chambers, Royal Canadian Navy, is spending a few days visiting his parents, Mr. and Mrs. H. M. S. Chambers, "Sunnybrae."

Doug Edwards, accompanied by his friend, O. Stuen, drove up from the Coast to visit A. Edwards, Foothill Road. Both men are employed at construction work at Tofo, V.I.

Pte. A. McKim, R.M.R., is spending two weeks' leave visiting his parents, Mr. and Mrs. S. A. McKim, also his wife and daughter, Marilyn.

Mr. and Mrs. J. F. Doe left on Friday for a short vacation in Vancouver. Mr. Doe has been a faithful caretaker of the Salmon Arm High School for several years. This is his first holiday in 24 years.

Pte. Walter McKervel, C.A.F., is spending leave from Camp Borden visiting at his home in Tappan.

Mr. and Mrs. Vern Solberg left on Sunday for Vancouver, where Vern will take examinations preparatory to entering the armed forces.

Miss Mildred Chambers, of "Sunnybrae" had the misfortune to fracture her leg last Monday evening. She, with another girl, were out horseback riding when Mildred's mount quickly took to the woods. She was thrown off, and besides the fracture, she received several minor bruises. She was rushed to the hospital where her condition has improved favorably.

Mrs. J. D. McGuire is visiting at the Coast and Fraser Valley points. Going by way of Princeton, she stayed with her sister, Mrs. Avery, and spent some time with her son, Carson, at Chilliwack, before going on to Vancouver.

## NATIONAL DEFENCE BEGINS IN YOUR KITCHEN

## Want to be a red-blooded man?

It isn't necessary to chew on horseshoes. A more pleasant and palatable way to get rich, red blood is to eat plenty of iron . . . and copper . . . and proteins . . . and vitamins. You can get them all out of your food . . . providing it's the right food. Like everything else in the human machine . . . your blood is as good . . . or bad . . . as the food you feed it.

Today . . . it is more important than ever . . . that you have plenty of healthy blood. Good blood is essential to your good health. Healthy blood enables you to resist infection and fight off disease . . . keeps you "on the job" at a time when Canada must have every helping hand.

Perhaps . . . through the Red Cross . . . your blood is going to war . . . to be used in saving lives overseas. Any healthy person has lots of blood, and can give a pint at regular intervals with no ill-effects. With the proper foods . . . strong, new blood can be made very quickly.

So if you want to be a red-blooded man (or woman) . . . if you want to enjoy life to the fullest . . . choose your food carefully . . . make sure your blood . . . is getting three nourishing meals every day.

Blood foods can be divided into three groups:

1—FOODS THAT MAKE BLOOD—Are Iron and Copper. Good sources of iron are meat, livers, kidneys, egg yolks, dried lima and navy beans, beef, whole grain cereals and wheat germ. Copper is found in bran, liver, mushrooms, bacon, whole grain cereals, leafy vegetables, fish, sea foods and prunes.

2—FOODS THAT BUILD BLOOD CELLS—Are the Proteins, found in milk, beef, lamb, nuts, chicken, fish, cheese and eggs.

3—FOODS THAT CEMENT BLOOD WALLS—Vitamin C in adequate quantities cements the walls of the blood vessels together. Good sources of Vitamin C are tomatoes, citrus fruits, cauliflower, strawberries, potatoes, bananas, rhubarb, cabbage and watercress.

## To Make Blood

BRAN FLAKES . . . 2 pkts. 27c

## SALMON VALLEY NEWS

**SALMON VALLEY, B.C., Aug. 17.**—Miss Dorothy Trelchard of Armstrong, who has been spending two weeks at the home of her sister, Mrs. D. Heywood, of Hendon, returned to her home on Thursday.

Little Jimmy King, who was visiting at Shuswap Lake, at the summer camp of his aunt, Mrs. K. A. Hunter, returned to Heywood's Corner on Friday.

Mrs. James King and three children, who have been spending their holidays with relatives in the Valley, left on Saturday evening for their home in Golden.

Miss Evelyn Kenney, of Deep Creek, who has been the guest for a couple of weeks at the home of her brother and sister-in-law, Mr. and Mrs. Allen Kenney, of Vancouver, arrived home on Sunday.

She is now staying with A. J. Heywood and Nancie. Mrs. J. F. Duthie, with Dorothy and Jimmie, returned on Sunday from Armstrong. They are at present visiting with Mrs. J. R. Freeze until they move to Kamloops.

Mr. and Mrs. D. Heywood, and family, spent the week end at the home of Mrs. Heywood's parents, Mr. and Mrs. H. W. Pritchard, of Armstrong. On returning on Sunday they motored to Hualar, where Mrs. Heywood and the children will visit for a few days at the home of Mrs. Walter Parkinson.

Mr. and Mrs. S. H. Kenney, of Deep Creek, and Arnold Graham, were guests on Sunday at the home of A. J. Heywood. They were accompanied by Audrey and Fern Veale, of Silver Creek.

Kelowna—A bevy of young ladies ran afoul of the law here recently when they appeared before Magistrate McWilliams after they had been arrested for operating their bicycles without lights.

## City Entomologist Makes Statement On "Pear Psylla"

**J. Marshall States Pest Not In Class With Codling Moth**

"While the pear psylla is a serious insect pest and a very undesirable immigrant, it is not in a class with the codling moth, as a menace to the fruit industry," said J. Marshall, in charge of the insect pest laboratory in Vernon.

This is in contradiction of previous reports, to the effect that the pear psylla constitutes a serious threat to the pear-growing industry.

Mr. Marshall stated that this insect pest would become serious, if measures to combat the menace were not undertaken. In 1920, W. A. Ross, of the Federal Department of Entomology, worked out a satisfactory means of controlling the pest, by dormant applications of heavy oil petroleum. Today, in Ontario, a single dormant application of this substance is all that is required to check the inroads of the pest. Also, if the spray is missed or delayed, the pest can be still controlled in the summer time by the application of certain summer sprays.

The pear psylla has been present in the east for a long time. The areas that it has infested in Canada are Ontario and Nova Scotia, while in the U.S.A., the states of New York and Michigan are affected. Mr. Marshall emphasized that this pest peculiar to pear trees has not resulted in the discontinuance of the pear growing industry in Ontario, as has been supposed here.

The insect pest was first discovered in this province during the month of August, 1942. Careful examination by the U.S. Bureau of Entomology and the Provincial and Federal officials have shown the insect is in existence from the U.S. boundary to Penticton, and also Kelowna, and it is possible that it exists in other pear growing districts in the Okanagan Valley.

Investigations are now under way in the south of the province. Detecting the insect constitutes a problem, and when this is accomplished difficulty is again experienced in adapting the codling moth and mildew sprays to exterminate the psylla pest.

Men from this district now working on the problem are E. P. Vables, Harry Anderson and J. Marshall. Ben Hoy, District Agriculture Inspector, of Kelowna, and R. P. Murray, District Agriculture Inspector, of Penticton, are also on the job.

W. A. Ross, Chief of Fruit Insect Investigation from the Federal Department, has been working on this problem in the northwest for the last week, and is now in the south of the valley. Mr. Ross addressed the Oliver growers yesterday, Wednesday, on this subject of the pear psylla.

## ENDERBY NEWS ITEMS

**ENDERBY, B.C., Aug. 17.**—Frank Hassard, of Vernon, motored to Enderby on Tuesday, to visit for a few hours at the home of his daughters, Mrs. E. G. Farmer and Mrs. George Jones.

Tom Sharpe, of Hualar, was in the district on Tuesday, visiting with his brother, George Sharpe, who is improving following his recent illness.

Mr. and Mrs. Rex Vogel, and daughter, Helen, left on Saturday for Vancouver, where Mr. Vogel has obtained work as a painter. Mr. and Mrs. Vogel have closed their home in Enderby but will not make a permanent move to the Coast as yet.

Mrs. Keddy, of Mara, visited friends in Enderby on Friday, before returning to her home in the afternoon.

Friends of Road Foreman, George Jones will regret to learn that it was necessary for him to be taken to Kamloops on Thursday evening where he underwent an operation in the Royal Inland Hospital. He was accompanied to Kamloops by Dr. Kope. On Friday Mrs. Jones motored to Kamloops to be with her husband following his operation.

Mr. and Mrs. C. E. Richards and son, Peter, left on Thursday afternoon for Mabel Lake, where they will spend a holiday camping at the Richards summer cabin on Dolly Varden Beach.

Mr. and Mrs. Jack Dugdale, of Armstrong, were Enderby visitors on Saturday with Mr. Dugdale's brother and sister-in-law, Mr. and Mrs. Charlie Dugdale.

Enderby friends of Jeff Burton were pleased to visit with him during last week, when he with his wife and small son arrived from their home at Sheep Creek, B.C. to spend a week's holiday with Mr. Burton's parents, Mr. and Mrs. B. S. Burton. "Jeff" has recently signed up for army duties, and during his absence his wife will remain in Enderby, having taken up residence in the house owned by Miss B. Robinson.

Also visiting at the home of Mr. and Mrs. B. S. Burton last week was their daughter, Miss Betty Burton, who spent a few days in Enderby, before returning to her position in the Kootenays.

Mrs. Henry Walker returned home on Tuesday morning's train after having spent the week end visiting with her husband, QMS, Henry Walker, in Victoria.

Friends of William "Bill" Thomas will regret to learn that he has been a recent patient in the local hospital.

Miss Frances Taylor spent a few hours visiting at the home of Mrs. P. Dickson on Saturday, before returning to Grindrod, where she has been visiting during her summer holidays. Miss Taylor is nursing-in-training at the Vancouver General Hospital, and following her vacation will return to the Coast city.

Melvin Johnson has been on holiday the past week, having a position at the Murray Meat Market, George Green is passing "J. O'Connor" as manager of the local market during Mr. Johnson's absence. Donald Strickland is making nurse at the Revelstoke hospital.

## CITY TRUCK DRIVER RUNS INTO SOLDIERS

**E. C. Croft Drove Truck Into Column Of Marching Troops**

E. C. Croft, truck driver in the employment of Nelson & Neil Ltd., appeared before Magistrate William Morley, in District Police Court and was sentenced to three months suspended sentence, plus \$250 court costs, on the charge of driving in a manner dangerous to the public.

On Monday, August 10, Croft was hauling a load of cement to The Bennett and White Construction Co. at the camp, and drove his truck into a column of soldiers that were wheeling onto the main highway.

A number of soldier witnesses, members of the platoon run into by Croft, stated that he was about 100 feet away, and drove into the men at an estimated speed of 15 miles per hour. The soldiers said that the truck driver used oaths, to the effect that some day he would kill some of the soldiers. This apparently infuriated E. M. O'Donoghue, who reported the incident to the Sergeant, who in turn reported to the head of the parade, Sgt.-Major Towers. The Sgt.-Major investigated and reported it to the provincial Police.

On being questioned as to his reason for swearing at the soldiers, Croft explained that he did not mean that he would intentionally kill some of them, but that some day, he would accidentally run them down. He pointed out to the court that every day he meets marching troops in different positions on the highway, sometimes they are on the right hand side, sometimes on the left hand side, and occasionally they could be run into on both sides, if they were marching in single file.

Croft's evidence conflicted with the prosecution when he took the witness stand. He said that he was proceeding up the hill, at a speed of about five miles per hour, which was the average rate of a truck going up that grade with a heavy load. He stated he saw the platoon proceed onto the highway. According to Croft, they made their wheel in a manner which led him to believe that they were about to pass on the right hand side. He continued up the road, but one of the men on the outside file changed the arc of the wheel, and marched square across his path. Croft said he was only about 50 feet from the intersection when the troops marched onto the road. In the evidence, for the prosecution, and for the defendant, there was considerable discrepancy.

A point clarified, was that soldiers, when marching under orders, are not pedestrians, and therefore are not subject to a law which states that all pedestrians, where there are no sidewalks, must walk on the left hand side of the road.

Magistrate Morley declared that these soldiers have a recognized position on the highways, and this position will have to be respected.

Sgt. R. S. Nelson, who was in charge of the prosecution, pointed out to the Magistrate that the case was not up for a full sentence, but only an example for all truck drivers who haul to Bennett and White, and proceed through the military area.

The Magistrate pronounced the accused guilty as charged, and as leniency was requested by both the prosecution and the defendant's counsel, Gordon Lindsay, Croft was only sentenced to three months suspended sentence. The verdict of guilty of driving in a manner dangerous to the public was based on the fact that Croft clearly saw the troops proceed onto the highway, and was intending to pass them on the right hand side.

## GASOLINE EXPLODES CHASE WOMAN BURNED

Mrs. H. Switner, of Chaso, suffered severe burns in an accident which occurred at her home on Saturday afternoon of last week.

Mrs. Switner was on her back porch cleaning clothes with gasoline when the explosion occurred and her clothes became ignited, inflicting burns on her legs.

Bystanders, seeing her predicament, rushed to her assistance and extinguished the flames.

Dr. H. F. P. Grafton of Kamloops attended the injured woman.

plans to leave shortly for Richlea, Saskatchewan, where he will assist his uncle, Alex. Barnum, on his large farm during the harvesting, where he will operate the tractors and combines.

Mrs. Whitford, who has been employed at Winfield during the past few months, accompanied by her husband, who is engineer on the G.N.R., at Kamloops, spent Sunday visiting at the home of Mr. and Mrs. Donald Strickland.

Mrs. Robert McHallam returned from Mabel Lake on Monday, where she has been spending a week's vacation visiting with her father, H. M. Walker, at Dolly Varden Beach, and later left for her home at Vancouver. Mrs. Mary Walker, who accompanied her sister, Mrs. McHallam, from Vancouver, will remain until the end of the month visiting at Mabel Lake. Mrs. Leo, of Vernon, was the guest at the Walker cabin at Mabel Lake over the week end.

Mrs. King-Baker, accompanied by Mrs. A. Teene, left at the beginning of the week for Mara Lake, where they will enjoy a week's holiday at the King-Baker summer cabin.

Mrs. T. Morton and her daughter, Miss Helen Morton, who have been camping during the past two weeks at the Dickson cabin at Mabel Lake, returned home on Friday. Mrs. Morton, following a brief stay with her mother, will leave for Revelstoke where she is staff for the Revelstoke hospital.

## 39TH RESERVES R.C.A. RETURN TO COAST CITIES

**Entrained Saturday—No More Reserve Units Here This Year**

The last of Canada's Reserve Armies to receive training in Vernon Camp during 1942 have left for their homes, civilian jobs, and they hope, a cooler climate.

On Saturday, officers and personnel of the 39th Reserve Regiment, R.C.A., and Brigade Headquarters, Signals Section who have been in training here with the 39th Reserve, entrained at Vernon station for Vancouver and Victoria. Over 500 strong, they have completed a strenuous fortnight's work with a full complement of August sunshine. One night's battle manoeuvres were part of the program, as well as special action exercises in the hills.

The Signals Section completed an extensive and complicated course which includes a certain amount of basic training. The commanding officer, Lieut. W. M. Mott, with 2nd Lieut. Walter Hughes, both of Vancouver, are in private life well versed in the business of electrical communications, the former being an electrical contractor, and the latter on the staff of the B.C. Telephone Company. The men of the Signals Section must be familiar with pole line work, and underground cable, visual signalling and line and wireless telegraphs. Their tactical training has included cross country marching, artillery communications and infantry exercises.

The trucks and mechanized equipment, used by the Army Service Corps Reserves, during the summer months when various regiments have received training in Vernon Camp, have proceeded to headquarters at the Coast, via the Fraser Canyon. They left on Sunday morning.

## BOY FROM NARAMATA HAS NARROW ESCAPE

An 11-year-old boy, Eli Markorloff, of Naramata, narrowly escaped drowning one morning last week when he attempted to cross Okanagan Lake on an inner tube. His goal was Trout Creek Point, on the opposite shore to Naramata.

The nautically-minded boy inserted a block of wood in a hole in an automobile tire inner tube, through which he had pumped air by lung power. As Eli progressed across the lake, the water became colder and colder by degrees. Nevertheless, he had covered half the distance before his hands became numb. Fast reaching the point of exhaustion, containing Mr. and Mrs. B. Hall, of Trout Creek Point, and Mrs. Ryder, of Hedley.

The adventurous youth was taken to the home of Mr. and Mrs. Hall, when warm blankets and hot drinks soon restored the boy to his normal condition. The B.C. Police, who had been summoned to the scene, delivered Eli to his parents, "as right as rain."

In cakes, and all quickbreads but pop-overs sour milk may be substituted for sweet in cup for cup proportions.

day morning, Capt. C. D. McKinnon in charge. When they came to Vernon early in the summer, they encountered a severe storm on the Canyon road. Their return was featured by better conditions.

Besides an enviable coat of tan, acquired when off duty by going about in the minimum of clothing, they look back with them many amusing camera snapshots of life in Vernon camp. These may, or may not, be produced to their civilian friends in the Coast city. Certainly the wives of four income tax officers may be interested in a certain photo which consists of their husbands washing dishes as part of kitchen fatigue.

**IT'S GOING TO BE TOUGH for all of us BUT NOT TOO TOUGH**

**Income Tax is Fair to All**

In the fourth year of war, Canada will need almost four billion dollars. This is the equivalent of nearly \$350 from every man, woman and child in the country.

Even with the highest income tax in history, 52% only of the money Canada needs will be raised by taxation. The rest will have to be borrowed by means of War Savings Stamps, Certificates and Victory Bonds.

Starting with the first pay period in September representing September earnings only, your employer is required by law to deduct your income tax from your wages or salary, and send it promptly to the Government. Everybody will pay his share as he goes along.

**It's going to be tough . . . but not too tough! Here are some good features:**

1. You will pay as you earn, so that you will not be faced with a large lump sum payment next year.
2. The National Defence Tax already deducted during the first 9 months of this year has been taken into account in the Table of Tax Deductions.
3. Though the income tax rates show a sharp increase over last year, a large portion of this increase is, actually, savings, to be paid back to you with interest after the war.
4. The money you are paying for life insurance premiums, annuities, principal repayments on your home, or into a pension fund may be deducted (up to a certain maximum) from the savings portion of your income tax. In many cases this may be sufficient to make payment of the savings portion of the tax unnecessary.

Unless you are single, without dependents, and not making payments of the types mentioned in paragraph 4 above, you should file Form TD-1 with your employer. Otherwise, you may not be allowed the credits to which you are entitled. **DO NOT DELAY.** File Form TD-1 with your employer at once so that you may get the full allowances from the start.

**EMPLOYERS**  
 If you have not received your copies of Table of Tax Deductions and Instructions, communicate with the office of your local Inspector of Income Tax at once.

Employers and Post Offices have been requested to display in a prominent place the official Table of Tax Deductions.

Forms TD-1 may be secured from your employer, Post Offices, or local Income Tax offices.

## SOLDIER, MINORS RECEIVE SENTENCE LIQUOR CHARGE

Salmon Arm Boys Arraigned After Saturday Night Fracas

Two Salmon Arm youths, James Dobbs and John Derewenko arrived in Vernon about 5:30 p.m. last Saturday, and, being too late to visit the army recruiting office, they booked a room in the Coldstream Hotel. Their activities that evening resulted in their appearance before Magistrate William Morley in City Police Court last Monday morning, on a charge of being in a state of intoxication in a public place. Dobbs and Derewenko are minors.

Dobbs was first questioned by the Magistrate, who stated that all he knew about the purchase of the liquor was that they obtained it from a soldier whose first name was "Peter" Constable. Ward, who made the arrests, said that Dobbs had given different stories in connection with what he had been drinking.

However, when Derewenko was questioned, the court obtained more satisfaction, which gave a clue as to the purchase of the liquor. Ward, Derewenko took the witness stand, he stated that after booking their room, they met Pete. Peter Palymchuk, of the Winnipeg Light Infantry, who had bought the liquor. The two youths were apparently acquainted with the soldier and they were together during the evening, prior to the arrest. The police made a search for the soldier, and not being able to trace him through Derewenko's evidence, the two were remanded until Tuesday morning. It appeared that Derewenko was not positive of the pronunciation of the soldier's name, which caused the delay in tracing him through the military authorities, in the Winnipeg Light Infantry camp.

By Tuesday morning, Palymchuk had been located up in the W.L.I. camp, and appeared before the Magistrate charged with supplying liquor to minors. He pleaded guilty, and also for lenience as he was not aware of the seriousness of the charge. Magistrate Morley sentenced him to six months suspended sentence.

Dobbs and Derewenko were each sentenced to three months suspended sentence and \$250 costs. First, the Magistrate made a note for \$175 costs, but after hearing the remarks of a provincial police officer, he raised the amount to \$250, the sum necessary to cover the cost of their bond since Saturday night.

## ROADS IN SOUTHERN INTERIOR RECEIVING MAINTENANCE WORK

PENTICTON, B.C., Aug. 18.—Considerable road and maintenance work, despite a shortage of material and labor, is being carried out in the southern interior by the provincial government public works department, according to C. MacKenzie, general foreman for this area.

Near Oliver at McIntyre Creek the new bridge, built to replace the structure washed out in the Empire Day flood, has been finished and was open to traffic late last week.

The Okanagan River bridge, also near Oliver, is receiving the attention of the building crews. The road has been straightened and re-aligned at this point and work has now started on the new bridge. Files are being driven and it is expected that this will be completed by the end of the week. Mr. MacKenzie estimated that the structure would be finished by the end of the month.

The government dragline shovel, which was working in the area, was loaded for transport back to Penticton last week. The foreman stated that it may be a few days before the machine goes to work clearing out the Penticton Creek, because there are some necessary repairs to be made before it can be put into operation again.

## 20TH CENTURY COMEDY STARS TIERNEY, FONDA

All set to keep moviegoers laughing with their lovins are Henry Fonda and Gene Tierney, who are scheduled to appear in the Capitol Theatre on Wednesday and Thursday, August 26 and 27, in 20th Century-Fox's madcap comedy, "Rings On Her Fingers."

In addition to the two stars, Laird Cregar, Spring Byington, John Sheppard, Henry Stephenson are said to turn in great acting jobs to keep the film paced for laughs.

Director Rouben Mamoulian, one of Hollywood's aces, makes his debut in modern comedy with this tale of larceny and love. The script was fashioned by Robert Pirosh and Joseph Schrank, Milton Sperling handled the production reins.

From all advance reports, "Rings On Her Fingers" looks very, very good!

**DRINK MILK, BE PATRIOTIC**

## Canadian Indians Volunteer For Army Service

Sons and daughters of Canadian Indians are volunteering for service in the Army. At left is Private Mary Grayeyes, 21, of the Canadian Women's Army Corps, Cree Indian maiden from the Muskeg Reserve near Leask, Sask., who is receiving the blessings of Harry Ball, Cree Indian, who lost a leg at Vimy Ridge in the Great War. At right are: 26 Cree Indians and an army sergeant who introduced them to the ways of army life. The Indians traveled more than 400 miles by boat from Norway House to Winnipeg where they were inducted.

## Pole Hauling Reaches Peak In Enderby District

Seven Cars Of Ties Shipped—United Church Hold Picnic

ENDERBY, B.C., Aug. 18.—Local residents are watching with interest the town pole yards being piled high with poles. Hauling has reached a new peak and trucks are being shipped from Enderby in poles from Mabel Lake and Hidden Lake districts. Some of these poles are so long that it is with considerable difficulty the trucks are able to turn the corners of the city roads leading to the yards. Not as many cars of poles are being shipped from Enderby as formerly, however, but more are being decked ready for the demand. During the past two weeks, according to the report from P. G. Farmer, manager of the B. J. Carney Pole Company, seven carloads of ties, three of piling and one of posts have gone from the yards.

## CHURCH PICNIC HELD

Although perhaps not as large an attendance as some years, nevertheless a number of young people attended the annual United Church Sunday School picnic held at the Waterwheel on Thursday afternoon. This year the affair was in the form of a congregational gathering as well as the Sunday School picnic, and many parents took this opportunity of having a day's outing as well as seeing their children. The weather was most kind and swimming was enjoyed. The water has gone down considerably in the river during the past month and the beach at the waterwheel now stretches well out leaving sufficient sand for a picnic.

Sam Barton, of Mabel Lake, was a visitor to Enderby during the end of the week.

Mr. and Mrs. Frank S. Rouleau have been visiting during the past week at the home of friends and relatives in Saskatoon.

Six army recruiting officers were in Enderby on Monday making their headquarters at the Canadian Legion Hall, signing up recruits for the Veterans Guard. A large number of names were added to the list of Guards during the afternoon and evening.

Mrs. George Graham and children have been enjoying a holiday vacation at Kalamalka Lake near Vernon during the past week.

Mrs. H. Nolan, of Vernon, motored to Enderby on Monday to visit for a few hours at the home of her mother, Mrs. L. Dill, before returning south.

## CONVENTION PLANNED

Enderby United Church workers in charge of arrangements for the United Church Presbyterian Convention, which will be held in this district next month, are making plans and arranging accommodation for the delegates who will attend from various parts of the Valley. It is hoped to be able to place all those who attend in local homes overnight, and to serve them with breakfast. Considerable preparation is being made by Enderby residents to give the delegates a warm welcome.

Sam Halksworth, of Grindrod, and Jim Ball, of Mara, were out-of-town business visitors who arrived in Enderby for a few hours on Monday.

Koy Duggan, of Vernon, was a business visitor to Enderby on Monday, calling on customers.

Johnnie Sampson, of Nainaimo, made a short visit in Enderby on Monday, calling on friends on his way through the Valley.

Fred Billington arrived from Sooke, Alberta, recently, where he is stationed with the Veterans Guard, to spend a visit with his wife and son.

Members of the United Church Young People's Society are busy making preparations for the Young People's Okanagan Presbytery Executive meeting, which will be held in Enderby this year at the home of George Hand, early in September. A good attendance is expected for this meeting to make plans for the coming Rally which will be held at a later date.

## HOSPITAL BOARD MEET

Members of the local Hospital Board met in the City Hall on Tuesday evening. During the business of the meeting it was decided by the board to purchase a new refrigerator for the hospital, as the one now installed will not freeze sufficient ice needed for patients.

The sawmill operated by H. L. Lantz and Mabel Lake has been doing considerable cutting already this year. The mill has been erected on a mile or two off the main road to the Lake near the A. Kemp and J. Bonville farms, and has been

## It's Your Money

(Financial Post)  
It's your money that goes to pay for three barbers and a masseur on Parliament Hill.

There are two barber shops in the Parliament buildings. One is in the Senate wing. The other, a few yards along the corridor, is presumably for the use of members of the House of Commons.

The Senate barber gets paid \$4.50 a day during the session; \$4 a day when the Senate is not in session. He is not in session, or is he? As a member of the messenger service.

In the Commons shop the head barber gets \$5 a day, 365 days in the year. The second barber gets \$4 a day, 365 days in the year. The masseur gets \$1.75 a day, 365 days a year.

They are supplied with all equipment, light, heat, accommodation, etc., free of charge.

And, here is the payoff. After getting these wages, plus free accommodation etc., the barbers are permitted to pocket all the money paid by patrons for their services.

## AGRICULTURISTS IN KAMLOOPS ARE FACING DESPERATE SITUATION

Assistance Needed—Fruit Inspection Officials Address Rotarians

KAMLOOPS, B.C., Aug. 18.—Unless help is forthcoming, much of this year's tomato and apple crop in the Kamloops district will not be harvested. This is the opinion expressed by Fred Cox of the Dominion fruit inspection branch, who is in close contact with the growers and shippers. So urgent did he feel the situation that he took the matter before the Rotary Club, of which he is president, on Monday, seeking assistance.

Several factors have developed to create a situation which a few weeks ago did not seem likely to develop. One of them is that the Chinese have left the district to work at coast points. Another is the fact that continued warm weather is bringing crops on rapidly. And yet another, that the Kamloops district is expecting to harvest the largest apple crop in its history.

Mr. Cox has had a number of cases reported to him where extensive help will be required or the crop will not be gathered. He is endeavoring to make a complete canvass of the situation in order to ascertain the total needs of the district.

Putting a good deal of white pine since being installed, the mill site is considered ideal.

Constable Charles Whisker has been confined to his home this week due to illness.

Mr. and Mrs. Martin Akeroyd, accompanied by Mrs. Akeroyd's brother, Leslie Grayson, and Miss Gladys Hawkins, motored to Mabel Lake on Sunday to spend the day camping.

Remaining over to be present at the birthday dinner party of her niece, Mrs. Jack Kidston, of Vernon, which was held at the home of Mrs. M. B. Keith, Mrs. Cantelon left by train on Wednesday evening for Vancouver, where she will visit with her sister and relatives before returning east. During the past few months Mrs. Cantelon has been spending a holiday at the home of her sister, Mrs. M. B. Keith, of Enderby, and with her niece, Mrs. F. H. Wilmut, of Falkland, and Mrs. J. Kidston, of Vernon.

During the past month many parties are motoring through the Big Bend Highway have made a stop-over in Enderby, before continuing on their route down the valley. Edmonton tourists arriving here this week report the Big Bend Highway in excellent condition.

Friends of Mordie Preston will be pleased to know that he is recuperating after his recent throat operation in the Armstrong Hospital.

Sgt. Jim Sutherland, of M.T.O. 110, visited the week and with his wife during his stay Sgt. and Mrs. Sutherland were visitors to Mabel Lake.

## A. TOPHAM'S CAR RUNS AWAY AT PEACHLAND

PEACHLAND, B.C., Aug. 16.—A runaway car, owned by Art Topham, crashed through his peach orchard, last Friday, going backwards in low to land against a peach tree. Luckily the peach tree was the only victim. The car had been parked by its owner on the road above his orchard, and had been left in low with the brake on. Evidently the emergency brake released and the car started on its trip, crashing through the fence until it finally landed against the peach tree, which was demolished, but which stopped the car. Other than a little damage to the fenders and one head-light broken, there was no damage to the car.

Rochester peaches moved out in volume last week, and will continue for another week, as orchards in the higher levels start to pick. This is the largest Rochester crop in the history of the district. The crop of later peaches also promise to be heavy.

## DEEP CREEK SCHOOL IMPROVEMENTS MADE

DEEP CREEK, B.C., Aug. 17.—The interior of the Deep Creek school is being re-decorated for the opening of the new term.

Mrs. W. Beddington, of Victoria, is spending two weeks visiting her sister-in-law, Mrs. J. Enoch, Sr., and friends.

Mr. Harvey and son, Peter, of Salmon Arm, are visitors at the home of Mr. and Mrs. T. Sharpe.

Miss Ruth Swanson, of Loon Lake, has left for Tranquille where she has secured employment.

Mrs. G. Johnston and daughters, Edna and Pearl, of Enderby, were visitors at the home of Mr. and Mrs. Shortleids on Sunday.

Miss Dorothy Sharpe is spending a few days at Vernon.

Mrs. G. McKeown, of Salmon Arm, is visiting her sister, Mrs. J. Enoch, Sr.

The staff which completed the term in June, four are not returning. Miss Dorthea Lundell has accepted a position on the Kelowna Junior High School staff. A native daughter, she taught on the High School staff for four years before attending the University of British Columbia. She was stenographer in the local branch of the Bank of Montreal. She has been organist in two local churches and directed the Girls' Glee Club and the Newspaper Club in the High School.

M. Henderson, recently married, has resigned, as have also Mrs. Barbara Tupper, who will return to the Coast; while Myles H. Ritchie, is taking post graduate work at the University of Oregon. Miss M. Riddell, of Victoria, has been added to staff, the School Board meanwhile looking for a commercial teacher and a male instructor in science and mathematics.

The Elementary Schools staff will have three new teachers, Miss Mary Schofield, of Victoria, Miss Helen Hammond and Miss Doreen Duncan, both of Revelstoke. Miss Annie Olson, of Murraville, is returning after a year's leave of absence.

Among the resignations was that of Miss Laura Creelman, who has retired after 20 years' service here. Members of the School Board, their wives and other friends of Miss Creelman gathered at the home of Chairman and Mrs. Thompson recently to make a presentation in recognition of her many years of faithful service.

Norman Link, who was assistant superintendent of the Revelstoke Division of the C.P.R., which embraces the Okanagan, prior to his transfer to Medicine Hat last October, has been promoted to the post of superintendent at Regina.

Mr. Link was a frequent visitor to Vernon in connection with his railway duties.

Railway traffic on the Revelstoke Division of the Canadian Pacific Railway has been exceptionally brisk in recent weeks.

Heavy passenger trains, many of them running in sections, plus an active freight movement, has taxed the capacity of locomotive power.

Many new men are working this summer, and High School boys have been working in different departments of the railway throughout the season.

## GRINDROD NEWS ITEMS

GRINDROD, B.C., Aug. 17.—Mr. and Mrs. J. E. Pacey, of Vancouver, accompanied by her niece, Miss Ann Thomas, left for Vancouver on Saturday after spending the past two weeks visiting friends and relatives here.

P. Jablonsky, of Trill, spent a few days this week in the district with relatives and friends.

Steve Mikallashen left for Trill on Tuesday and will be absent several days on business.

Mrs. L. H. Andersen, and her son, of Kamloops, are visiting with Grindrod relatives for the next few days.

A. Novakowski, of Vancouver, is staying with his sister, Mrs. M. Smaluk, of Grindrod.

G. Darbyshire, and family, who recently purchased property here, arrived on Thursday and will now reside in this district.

Mr. and Mrs. B. Barnes, of Vernon, spent Sunday at the home of Mr. and Mrs. W. G. Peacock.

## B. C. NEWSPAPERS WIN SPLENDID AWARDS

BRITISH Columbia newspapers have made a remarkably fine showing in the Better Newspapers' Competitions arranged by the Canadian Weekly Newspaper Association. There are 17 competitions: 12 for newspapers, one for community service, two commercial printing, and two for golden ideas. Judging in these competitions is based on examination of four copies of the weekly newspapers from selected dates; one date being in the summer, another in the winter, and in the spring and another in the fall. The judges are selected by the members of the executive of the Association and among them are well-known men in the several walks of life connected with journalism and newspaper publications.

The chief place in the competition was awarded the Penticton Herald and Judge Wilfred H. Goodman commented: "By all accepted measuring sticks, it stood one full step ahead of all competitors, and that stands as one of the strongest compliments ever issued to a Canadian weekly newspaper because the standard of excellence displayed generally by the competitors of The Herald must be an all-time high." Second place went to an Ontario newspaper and third place was won by a Saskatchewan publication. The Penticton Herald also won the David Williams cup for the best editorial page. Both these winnings were in class one papers of two thousand or more circulation and are the premier awards of the annual newspaper gathering.

In class two, papers having a circulation of between one thousand and two thousand, The Powell River News won the Charles Clark Cup for general excellence and M. A. James Memorial Trophy for the best front page and also was adjudged third for the best editorial page in this class.

In the class for newspapers of circulation between five hundred and one thousand, the Rossland Miner won second place for all around excellence. The Creston News won first place for its editorial page in this class.

In class four for newspapers of five hundred and less circulation, The Whitehorse Star won the Charles Clark Cup for general excellence and third for its front page. The Enderby Commoner won second prize for its front page.

The Kelowna Courier which in the last three years has been a prominent winner in the competitions, did not enter in the 1941-1942 competition and The Vernon News has not entered in these competitions since the newspaper convention was held in Vancouver several years ago.

The showing made by British Columbia publications is exceptionally good and shows the high standard of excellence of the rural newspapers in this province.

There are not a great number of newspapers published in British Columbia and of these only a few enter the competition, but the general standard of all of them is excellent and has been very much improved through participation in competitions or because of the tonic effect competitions have had on their neighbors and friends. The only newspapers eligible for these competitions are those published in country towns.

Heartiest congratulations to all successful and unsuccessful competitors in the better newspaper competition, and to R. P. MacLean, the new President.

## C.C.F. WEDS FARMER AND LABOR PARTIES

RECENTLY it was announced that there had been a political affiliation between the C.C.F. and representatives of Labor. The conference was attended by 157 delegates from 62 Ontario locals of 39 national and international unions. There were a few dissentients. This was hailed as marking the entrance of Labor into Canadian politics on an impressive scale. Commenting on this The Toronto Star said, "There is a wide spread impression that the C.C.F. is due to make substantial gains in the next Federal election; that it may, in many constituencies, replace the Conservative party as the main challenge to Liberals who now hold office. With strong and united Labor affiliations its chances will be greatly increased." The Star welcomed the entrance of Labor into proceedings and said if they had a stronger voice in proceedings and decisions of Parliament it will not be a bad thing for Canada.

Commenting on the stand by the C.C.F. on the conscription issue the Winnipeg Free Press says: "By standing aloof from all other Canadian political parties on the conscription issue, the C.C.F. gained considerable favorable notice in Quebec. To manufacture as much political capital as it can as quickly as it can, the National convention of the party in Toronto, this week, laid plans for an intensive organizational drive in Quebec. It is going to hire a full-time, French-speaking organizer and is going to increase its party budget threefold."

The Free Press notes that Canada is a free country and no one will deny the right of the C.C.F. to exploit to the limit the political opportunities the anti-conscription stand has produced.

With so much prominence given to the C.C.F., it is interesting to read in another column extracts from an article on the C.C.F. which appeared in the Labor Review which says it is the organ of the Canadian Federation of Labor.

Whether or not Mr. Potter, the author of this article, correctly represents the position of the C.C.F., the article itself is intensely interesting and is presented in this issue for what it is worth.

## RESERVE ARMY UNITS FINISH COURSE HERE

ARMY Reserve units that have trained on Mission hill during this summer have won a high place in the esteem of Vernon people.

These Reserve units are composed largely of older men, many of who saw service in the Great War of 1914-18 and who are renewing their knowledge of

The pure Air that we breathe,  
The Sun and Rain the Moon and Stars,  
The Sky, the Earth beneath.*

*No ration cards for joyous Spring,  
The flowers in all their sweetness,  
The deep delight in growing things,  
Our Country and its freeness.*

*The Freedom we have to worship God,  
Who gives us all things good,  
Our sight, our hearing, our way of Life,  
Our Country's abundant food.*

*No ration cards for peaceful Homes,  
That are ours to make,  
To help a friend on Life's way,  
To give more than we take.*

*So let us have our ration cards,  
What care we for small things?  
If freedom comes to all the world,  
It's the best that Life can bring.*

Oyama, B.C.

—SARA NEWTON

military operations and were brought up to date in the new tactics of warfare at the summer camp.

Many of these men in civil life are in substantial positions and several of them operate companies which do a province-wide business.

Unfailingly their approach to army life is different from that of the regular units in the camp, first because they are more mature and secondly because they are serving from a deep sense of public duty and studied knowledge of enemy intent.

The University unit came early and was followed by the Seafarths, who were looked on really as the "guinea pigs" and who employed many tactics in their drill from which a number were selected for a regular program by the units which came later.

All of these units contained men of outstanding ability and responsibility and though they had no time for social life they almost invariably contacted families or individuals they knew before coming to the camp on the hill.

Some of the units brought military bands of exceptional quality and in one instance, that of the Irish Fusiliers, it was said their band is the equal of anything on this continent. All of the units contained musicians of outstanding calibre who added considerably to the enjoyment of life in camp and for the people of this city. Camp talent contributed in several ways to the social life of Vernon and there is a general feeling of regret that they will not be with us again, possibly until next summer, provided that the war is then in progress and the same system of training for service is employed.

Two of the units, the Irish Fusiliers from Vancouver and the 39th Field Regiment R.C.A., issued camp papers and these provide souvenirs which will be retained and possibly be improved upon at some future time. Each unit before returning to its base was reviewed by Col. A. W. Sparling, D.S.O., at a full dress camp inspection and ceremonial parade.

The program of expansion which is being carried out at the camp indicates that in the not distant future there will be very many more soldiers here than there has been so far during this war and it is hoped that facilities for recreation will be provided which will enable the men to enjoy their time off duty.

## TACTICS DIFFERENT IN THIS WORLD WAR

WORLD War II is as different from any previous war in the history of the world as it is possible to imagine.

This is largely due to the adoption of the airplane and the tank chiefly as weapons of assault. The airplane has replaced the ship from above, is being used to transport troops, and the tank in cruising about against infantry has shown its adaptability to crush and conquer vast masses of men.

The Germans have employed these forces with great success and the Allies are learning very rapidly.

Major Alexander P. de Seversky has written a most important book entitled Victory Through Air Power in which he contends that it is possible to win the war by use of air power alone. The burden of his argument is that it is impossible for the Allies to win in any other way. With the statement made by de Seversky we have neither agreement nor disagreement; simply we do not know if this reasoning is correct or not. If it should be, it will put an end to the age old belief that victory is only possible after infantry has taken possession of country and city.

## THE SATANIC WILL (By Walter Lippmann)

It is not astonishing that modern men find it so difficult to comprehend the inwardness of Hitler's note. The modern skeptical world has been taught for some two hundred years a conception of human nature in which the reality of evil, so well known to the ages of faith, has been discounted. Almost all of us grow up in an environment of such easy optimism that we can scarcely know what is meant, though our ancestors knew it well, by the satanic will. We shall have to recover this forgotten but essential truth—along with so many others that we lost when thinking was "enlightened" and advanced, we were merely shallow and blind.

People used to talk of their sainted grandmothers; now, alas, of their painted grandmothers.

The Vernon News  
Published by  
THE VERNON NEWS LIMITED  
W. S. HARRIS, President

AS I  
SEE IT...  
By Captain Elmore Philpott

This year, 1942, will surely make the turning point of this war.

The battle now being fought in Russia is probably the most crucial of the war. This third week of August finds the outlook far from hopeless.

The most encouraging sign of the course of the battle is that so far Japan has not attempted to plunge into Russia from the east while Germany is driving in from the west. Almost everyone agreed that if the Japanese did decide to attack they would do so in early August.

They would need at least two or three months to clear out Russian resistance in Siberia even if the campaign were a virtual walkover. There is no suggestion that the campaign, if it came, would be a walkover. The fact that the Japs have not attacked therefore strengthens the view that the cunning Nipponese doubt Hitler's ability to knock Russia—and hence are not drawing in against themselves another strong enemy.

It is now clear that the Germans have a good chance of capturing part of the Caucasus oil fields. The collapse of serious Russian resistance south of Rostov indicates that Stalin and Timoshenko have felt compelled to let the Caucasus go at least to the extent of robbing it of major military defence.

The heart of Russia is Moscow. The Russians have evidently decided to stake the whole 1942 battle on their ability to hold the Leningrad-Moscow-Stalingrad line for another two months.

Nothing that has happened so far in Russia this year suggests that the Russians will not be able to hold at least the Moscow part of that line.

The great German victories on the Don have been won at terrific cost. It may be that the cost of the fighting was just as heavy against Russia as against Germany. But the past history of Russia—especially the recent past—testifies to the amazing recuperative power of that nation.

Therefore in this late August of 1942 Hitler can be under no illusions. He must at least paralyze or isolate Russian military strength within the next two months or find himself in an increasingly desperate position.

We have heard a lot about the wonderful new industries built by the Soviet far inland and beyond the reach of any conceivable German drive. But we would be foolish to overestimate the Soviet war power in the event of continued German success for the next two months.

It is conceivable that the German army could put Russia within a position from which she could be no real menace to Germany for the remainder of the war.

The Russians are making a thorough job of destroying the oil wells and everything else in the ground that might be of use to the Nazis.

RUSSIA STAGGERS. Ninety percent of the Russian oil lies in the country now being overrun by German troops. The Germans may not get any of it for use in this war. But the Russians cannot lose ninety percent of their oil supply without grave damage to their war machine. Not only the whole Soviet army but also the whole Soviet economy is mechanized. Oil is vital to the effective running of this economy.

Moreover Russia has already lost land equal in size to Britain, France and Germany combined. That land was the most productive in Russia, a greater times the population than the land now lost was some 45 millions of people. Millions moved eastward. But the vast majority was simply overrun and was either enslaved or slaughtered by the invader.

Her southern lifeline to the outside world appears likely to be cut. That need not be disastrous unless the northern line is also severed.

What Hitler is trying to do is to drive the Russian bear inside a cave—and put a great big rock at the mouth of the cave before he turns against us. That is why the next few weeks will probably mark the real turning point of the whole war.

While our fate is being decided in part by what happens in Russia, the battles in the Mediterranean and Solomon Islands are no less significant.

As these lines are written it is not clear whether the loss of the aircraft carrier Eagle was a mere misfortune or part of a really decisive victory of Axis airpower over Allied seapower.

This latest venture seems to have written the final to any remaining argument that there may be over the relative merits of seagoing naval craft and airplanes operating from land bases.

One must be blind not to see that naval craft cannot operate in waters over which enemy aircraft have the superiority.

Neither the British or American navies need to be told that, of course, only the vital necessities of getting supplies and re-licensing contingents to Malta could justify the risks recently taken.

The one sure thing that has emerged from the fighting on the Solomon Islands is that it is going to be no easy task to strip Japan of her conquests if the process is one island at a time.

Japan got possession of a complex of islands and peninsulas by fighting but a few real battles. But it will be an entirely different task for us to take those islands back if we attempt to do so the same way. The Japs will be waiting to fight at a moment's notice.

All of which indicates the wisdom of the general strategy our leaders are following to fight this war.

Germany is the main enemy. We must concentrate everything on beating Germany. Once we get rid of the German menace the Japanese octopus will not be too hard to overcome. For the way to beat an octopus, they say, is not to hack at each tentacle but to hit straight for its heart.

That is why we can expect our leaders to concentrate operations in the Pacific area to what might be called limited offensives. The Solomon Islands move, if successful, will make it virtually impossible for Japan to strike directly at Australia. That changed condition will enable MacArthur and some of his men to begin to close in on the enemy somewhere nearer Japan.

The Japs caught us asleep in the Aleutians, but they have no reason to believe they will gain much—except time—by their occupation of those islands. They cannot hold them once our high command says "go" to take them back.

They have, indeed, put themselves in the same position as our men were in when the Japanese were making their big gains.

That is, the strength of the defenders can be ascertained in advance beyond all doubt. Then each individual place can be attacked by a force simply sufficient to make success sure.

But we would not be under any illusions. The Japs know what we are likely to do. They have shown great cunning so far in so forcing events that it is they—and not we—who have the initiative.

## "OH WHAT A TANGLED WEB WE WEAVE"

## From The Vernon News Files

Final arrangements have been completed for the entertainment of His Excellency the Governor-General, the Earl of Bessborough, and the countess.

TEN YEARS AGO Thursday, Aug. 18, 1932 of Bessborough, during the course of their visit to this city on September 14.—The decision of the City Council at Monday evening's meeting was to refuse an offer made by H. W. Galbraith, on behalf of a client, Anton Kropan, of \$500 for Lot 34, Plan 474, at the southwest corner of Elm and Maple Streets.

A feature of the Caledonian Games, which are to be held in this city on Labor Day, September 5, is that Bob Gill, of the Vancouver Police Force, all-around provincial champion in the heavy field events, will be participating.

More than 100 newspapermen and their wives will arrive in Vernon today to attend the joint convention of the Alberta and British Columbia and Yukon Press Associations which opens at the Court House this afternoon. The business sessions will be given over to papers and discussions on publishing problems.—Thos. H. Calder, who resigned the principality of the high school here to accept a similar position at Revelstoke, left on Saturday for Vancouver, where he was married to Miss Eva McLachlan. Mr. Calder's leaving the city is being greatly regretted.

Work was commenced this morning on the excavating for the new theatre to be erected on Seymour Street near Third Avenue, by the local firm of Johnston and Co., Ltd., has secured the contract for the building excepting

the carpenter work and although the contract was only entered into yesterday, this morning bright and early, a force of men and teams were at work.—In the beginning of April the New Industries Committee of the Board of Trade made a report, stating that in their opinion one of the industries most needed, and most likely to succeed, in Vernon, was a canning and jam factory.

Mrs. Holmes, of Prince Albert, who has been visiting her brother, R. W. Neil, of this city, left for her home on Monday.

FORTY YEARS AGO On Saturday, Mr. and Mrs. Holmes, of Prince Albert, who has been visiting her brother, R. W. Neil, of this city, left for her home on Monday.

Price Ellison's new steam thrashing machine was tried last week and gave every satisfaction. It was pronounced by experts to work perfectly and Mr. Ellison is satisfied that he has got the best thrashing

FIFTY YEARS AGO work perfectly and Mr. Ellison is satisfied that he has got the best thrashing

to be turned out anywhere.—A great many parents are keeping their children home from school rather than be guilty of the cruelty of keeping them in a building so unfit for the purpose as that in use at the present time. A more commodious modern structure should be made available without delay.

## Correspondence

A Landlord's Complaint.

Editor The Vernon News, Sir:

I would be much obliged if you would kindly print this letter of mine in your paper, as it is a question of importance nowadays, showing both sides of the fight between landlords and tenants through the administration of the War Time Prices and Trade Board.

My case, I believe the first in Vernon, came up first week of May, last spring. I tried to put up a fight as I considered that the Board was not treating me with justice, though Mr. Fosbrooke assured me that the Government was fair and just.

I have been renting a four-roomed house in a good location with bathroom complete, good equipment, for many years at \$10.00 a month. It was considered cheap by many people, especially in that location, all other houses of that category renting for \$18 and \$20 long ago.

In July last year, my tenant notified me that he was building and would move out October 1. In view of everything going up I felt justified in raising the rent to \$18.00. Shortly after my present tenant came to see me, he agreed to pay the rent above mentioned, and put down \$9.00 a few weeks later, the balance to be paid when he moved in.

Unhappily, for me, the old tenant could not move out before December 3, the new one moved

in the next day. Everything went smooth until May, when he came to pay his rent and told me that someone had coaxed him to apply to the Board of Rentals, which, he did, five months after his moving in.

I went immediately to see Mr. Fosbrooke to protest that my agreement had taken place three months before the regulations had come into existence.

I was told then, that the old tenant was still paying \$10.00 in December, my agreement was no good. I was breaking the law, I think this very unfair, as it was not my fault if the old tenant could not get his house finished as previously expected.

Another complication developed. Mr. Fosbrooke also accused my tenant of breaking the law, same as I was. He was supposed to go to the office before paying his rent to me, when I mentioned this to him, he said he had been there before, Mr. Fosbrooke himself had advised him to come and pay me first.

Now, I was turning up into confusion. My tenant said he was ready to pay \$18.00 and stop the racket. We had been warned, owing to the peculiar circumstances we might have to go to court.

I returned to the office again, to tell them we had decided to settle this question between us, but Mr. Fosbrooke promptly told me that it could not be done, I had

to fill a form and this was sent to the higher ups in Vancouver.

A week later, I received orders to put back the rent to \$10.00 and refund the \$10.00 extra. I had received during the winter. Their opinion in Vancouver was the same as that of Mr. Fosbrooke, my own verbal agreement was of no account.

After this, I thought peace was restored, even if it was at my expense, but no, a month ago, my tenant received a letter again, that he was requested to go to the office and show that receipt for the \$10.00. Mr. Fosbrooke was worrying if I had complied to orders, I leave it to the public to judge.

Another regulation, which, I also consider very unfair is the landlord has to give three months notice, the tenant is free to move out, when he pleases, leaving behind the repairs and the dirt, and sometimes several months of rent lost.

A gentleman from the Board at a luncheon in Vancouver, said that we landlords have to take all this with good grace, if we grumble we land in jail or get a fine. I know that some landlords have gone too far, but the reasonable ones should not be made to pay for the greedy.

Thank you, H. GABRIEL, Vernon, B.C., Aug. 11.

## Montreal Paper Lauds Philpott

The Montreal Gazette editorially saluted Elmore Philpott, editorial director of the Vancouver News-Herald, and reprinted one of his most recent columns, "As I See It," under the heading, "The Canadian People."

The text of the editorial follows: "He knows whereof he speaks, 'Elsewhere' on this page, under the heading, 'The Canadian People,' is a place Elmore Philpott wrote last week in a column in the Vancouver News-Herald. It is a good piece of writing by any standard, but its value is multiplied by the writer's qualifications to speak on fighting Canada."

"Philpott has not been able to stand erect, except in spirit, since the second of two wounds received one day at the Hindenburg line."

"He left college in March, 1916, to join the 25th Battalion as a runner. By April he was a corporal and at the Somme in the same year he was a lieutenant."

"He was wounded at Vimy and again at Passchendaele, where he was mentioned in dispatches by King. He won the Military Cross at Amiens and bar there, too. At the Hindenburg Line, where he was accompanying infantry, he reported the situation between two wounds of which the second was a lifetime injury."

"If anyone has the right to call himself a member of a 'lost generation' and to regret going to rescue England every twenty-two years, and mean that, man, is Elmore Philpott."

"And if anyone has the right to say Canada is ready for total war, ready, willing and eager, that man is Philpott too."

Elmore Philpott's famed column now printed in many Canadian newspapers, originated in a column specially written for The Vernon News.

AIR AND SEA relative merits of seagoing naval craft and airplanes operating from land bases.

One must be blind not to see that naval craft cannot operate in waters over which enemy aircraft have the superiority.

Neither the British or American navies need to be told that, of course, only the vital necessities of getting supplies and re-licensing contingents to Malta could justify the risks recently taken.

The one sure thing that has emerged from the fighting on the Solomon Islands is that it is going to be no easy task to strip Japan of her conquests if the process is one island at a time.

Japan got possession of a complex of islands and peninsulas by fighting but a few real battles. But it will be an entirely different task for us to take those islands back if we attempt to do so the same way. The Japs will be waiting to fight at a moment's notice.

All of which indicates the wisdom of the general strategy our leaders are following to fight this war.

Germany is the main enemy. We must concentrate everything on beating Germany. Once we get rid of the German menace the Japanese octopus will not be too hard to overcome. For the way to beat an octopus, they say, is not to hack at each tentacle but to hit straight for its heart.

That is why we can expect our leaders to concentrate operations in the Pacific area to what might be called limited offensives. The Solomon Islands move, if successful, will make it virtually impossible for Japan to strike directly at Australia. That changed condition will enable MacArthur and some of his men to begin to close in on the enemy somewhere nearer Japan.

The Japs caught us asleep in the Aleutians, but they have no reason to believe they will gain much—except time—by their occupation of those islands. They cannot hold them once our high command says "go" to take them back.

They have, indeed, put themselves in the same position as our men were in when the Japanese were making their big gains.

That is, the strength of the defenders can be ascertained in advance beyond all doubt. Then each individual place can be attacked by a force simply sufficient to make success sure.

But we would not be under any illusions. The Japs know what we are likely to do. They have shown great cunning so far in so forcing events that it is they—and not we—who have the initiative.

The oldest couple in England with a license to sell their own fruit, vegetables and eggs to the public, are Mr. and Mrs. James Smith, aged 93 and 88, respectively. Their quarter-acre allotment at Pentworth which they themselves till, is stocked with fruit trees, bushes and all types of vegetables.

## Don't Lose EGG Production

Now is the time to worm your flock before putting your birds in laying quarters.

### MASHNIC

To be added to any mash and fed once a month. We consider this the safest and surest method. We will add this to any of our mashes for you.

### BLACK LEAF WORM POWDER

To be mixed with any mash and fed once. A 75c tin will worm 100 birds.

## LOGGER HAS NARROW ESCAPE ON W. SIDE

**EWING'S LANDING, B.C., Aug. 13.**—What might have been a nasty accident occurred last Friday, at Whiteman's, when Melburn Maxwell was unloading his logging truck. The top log rolled and pinned him to the ground until his helper could pry it off. It is understood that he is only badly bruised and is recovering satisfactorily in the Vernon Jubilee Hospital.

"Tommy" Muir and his fiancée, Miss June McMartin, of Vancouver, are visiting at Nahun, with Mr. Muir's aunt, Mrs. W. Deighton.

Jack Oliver, in the employ of the C.P.R. in Vancouver, has returned to the Coast city, after a holiday spent at Nahun.

W. Deighton, of Nahun, reports the first day's run of tomatoes in his cannery.

## DANCE AT OK. CENTRE

**OKANAGAN CENTRE, B.C., Aug. 17.**—A dance was held in the Community Hall on Friday, August 14, the "Modernaires" providing enjoyable music.

Mrs. Bob Wentworth has returned from the Coast, where she has been visiting her husband, LAC. Wentworth, R.C.A.F., stationed at Patricia Bay. While in the vicinity she saw her sister, Miss Joan Gibson, now Physiotherapist, at Cobble Hill Children's Hospital.

Mrs. Towser and Mrs. Locke were guests of Mrs. W. Thompson, on Friday and Saturday.

Miss Pat Cheesman and Miss Ruth Nuyens visited at the home of Mrs. C. Malle, during the regatta week in Kelowna.

Miss Ellen Glead has returned from Victoria, where she has been taking a course at summer school.

Miss Karleen Hare has returned from Vancouver, where she visited her cousin, Miss Joan Bishop.

Rutland Boy Scouts camped at Camp Kukulwah, on the lake shore, near here, for a few days, being followed by a party of Cubs. A. T. Gray was in charge of the Boy Scouts and Mr. Campbell was responsible for the Cubs.

## International Goodwill Is Theme Of Rotary Address

R. Rutherford, International Gyro Prexy, Speaks At Monday Luncheon

R. G. Rutherford, International President of Gyro Clubs, addressed Vernon Rotarians during their weekly luncheon hour last Monday, on the enlightening subject of international goodwill. Mr. Rutherford recently returned to his home in Kelowna after a visit in eastern Canada.

He commenced his talk with a brief outline of the early history of Gyro and Rotary Clubs. He pointed out that they were organized in 1905, with a strictly national outlook, but in 1912, took on a wider scope, and became a club with international perspective. The Gyro Club also took on a wider scope in 1912. Both were organized before the first World War, which the speaker declared had a certain significance.

"Many people think that these groups are service clubs," declared the speaker, and followed by stating that they are international goodwill organizations. He pointed out that their success is due to the non-political lines which characterize the clubs, first organized in the U.S.A.

He stated that ignorance of international fellowship and goodwill on the part of some of the leading men of the government in 1912 was the cause of the last war on this continent, the War of Independence, which has in turn resulted in the condition of the North American continent today.

Since their organization in the States, and in Canada, in 1905 and 1912 respectively, much has been done to accomplish international goodwill and friendship among people on this continent. In Ireland, the speaker declared, the presence of Rotarians on the committees which worked for an agreement over the boundary dispute, were prime factors in the final decision. Countries where the Axis have taken power, have lost all clubs similar to Rotary and Gyro, because, the aggressors know that such organizations would be injurious to their government.

The speaker declared that Gyros and Rotarians will have a wide scope wherein to work after this conflict is finished. Members should make an endeavor to attend all international conventions, thereby getting in touch with different men.

Since the war started, the speaker said that many sources have argued that the clubs should discontinue. But Mr. Rutherford declared that he does not agree with such a request. The clubs have many members in the armed forces, he declared, and therefore, it is the job of those who must remain home to carry on with the clubs, so that when the soldiers return, they will be able to recognize the life they left, and also carry on during the period of rehabilitation that will follow.

"Some good must come out of these clubs because at the International Conventions, which were held recently, members were present who could not even speak the English tongue," declared the speaker.

"We all must do something for the wonderful objective in the constitution of both these clubs," said Mr. Rutherford. "This continent," continued, the speaker, "has the most wonderful opportunity to set an example for other nations, but it will not be done without international goodwill. Nationalism is too narrowminded, and with that point of view, we will not get anywhere. It is true that Canada is dependent on the U.S.A. for certain commodities, but that is as far as it will go," he emphasized.

## MARA NEWS ITEMS

**MARA, B.C., Aug. 17.**—Mrs. F. Norwood, of Skamoose, enjoyed a couple of days here the past week end, when she was the guest of her sister, Mrs. Wm. Kenyon, who returned to Skamoose with Mrs. Norwood for a few days' visit.

Mr. and Mrs. William J. Coell and family, of Vancouver, arrived last Saturday to visit Mr. Coell's father, R. Coell, and other relatives, for several days.

Mrs. William J. Coell and family, of Vancouver, arrived last Saturday, going on to Enderby to visit her parents, Mr. and Mrs. Chadwick, for a brief vacation.

Miss Evelyn Bell returned last week from Enderby, having spent a couple of weeks there with friends. Miss Muriel Maerndy, of Burnsmoorland, is visiting here at the home of her mother, Mrs. R. Maerndy, and other relatives. Part of her vacation was spent in Vancouver with friends.

LAC. Gordon, R.C.A.F., arrived from the East, last Tuesday, to spend a furlough here with his parents, Mr. and Mrs. Tom Parker, and his sister, Mrs. Ted Robertson.

Mrs. Douglas Moorehouse, and Charlie, were Vernon visitors last Saturday.

## LAVINGTON ORCHARDISTS START APPLE PICKING

**LAVINGTON, B.C., Aug. 17.**—Thinning is about over and apple picking commences here this week, with crabapples in abundance. Alfred Wiedman is harvesting grain with his "Combine" and good samples are reported, with continued perfect weather conditions. Congratulations are being extended to Mr. and Mrs. Arthur Daub, on the birth of a daughter, last week.

Many reports from district lads overseas in the last few weeks, imply they are well and happy and receiving mail and parcels regularly.

Summer visitors in Lavington include Miss K. Logue, of Vancouver, who is spending a holiday with her cousins, Bill and Hank Costerton.

Mrs. Tisdale was surprised last week when a party of friends arrived from Lacombo, where they spent a few days, while touring the Valley.

Mrs. Kenneth Dobson was a week-end visitor to Mrs. C. O. born, at Turle's Hill.

## WARNING ISSUED AS TO NEW TOBACCO TAX

"No Red Letters" No Tax Collectable Is Order

"Watch for the red letters on your packets of cigarettes and pipe tobaccos; there is 4 cents Excise Tax on the large package and 2 cents Excise Tax on the 10 cent package," warns the B.C. regional office of the Wartime Prices and Trade Board. "If not so marked you should not be asked to pay tax."

Complaints have been received that some dealers are adding the new excise tax on cigarettes to old stock. Thus they are making an added and unauthorized profit because the extra impost is not going to the government.

Packets of cigarettes on which the manufacturers have paid the new excise have the amount of the tax stamped in red on the grey label familiar to all tobacco users.

In the case of a large packet, the words "4c excise tax" are surcharged in red on the grey sticker. This new excise is a direct levy on the public to help pay for the war. If the red notice is not on the packet the buyer is entitled to get his smokes at the old, lower figure.

**Picobac**  
GROWN IN SUNNY,  
SOUTHERN ONTARIO

"CANADIAN ALL THE WAY! Yes, Picobac is the pick of Canada's Burley crop. So its mildness, coolness, sweetness—and the fact that it is Canada's most popular pipe tobacco—are tributes to the skill and enterprise of your own countrymen. Picobac has won its popularity on sheer merit, for . . .

"It DOES taste good in a pipe!"

# SUGAR FOR HOME PRESERVING

*Sugar rationing is essential. Here are the facts regarding home preserving.*

**DOES the Government want canning and preserving done in the home?**

**YES.** The Government encourages every housewife to preserve fruit in season.

**IS extra sugar available for canning and preserving over and above the regular rations?**

**YES.** By signing a voucher at your grocers, adequate sugar may be purchased, but this additional sugar is for preserving and canning only. (Ask your grocer—he has the forms and all particulars.)

**IS it required that sugar purchases be tied to fruit purchases?**

**NO.** You may grow the fruit, collect wild fruit, have fruit as a gift, or buy it from ANY retailer. In any case you are entitled to the sugar required to preserve it.

**WHY, if sugar is rationed, does the Government make extra sugar available for this purpose?**

**THERE are four reasons why home canning and preserving is encouraged.**

1. When fruit is fresh it is perishable. If it is not preserved it may be wasted and valuable food reserves lost.
2. Home canned and preserved fruits are particularly valuable from the standpoint of nutrition. Such preserves will help maintain the proper food supply of the Nation, especially when fresh fruits are out of season and not available.
3. Home preserving helps supplement the restricted commercial canning.
4. Canning done at home eliminates delivery and distribution costs, and thereby saves essential labour, gasoline and rubber.

## OFFICIAL SUGAR REGULATIONS

Here is authentic, accurate information to guide your war-time preserving.

**PRESERVING:** You may obtain sugar on the basis of one pound of sugar to two pounds of fruit for preserving purposes.

**PRESERVING SYRUP:** All preserving is to be done with a light syrup made from one cup of sugar to two cups of water.

**JAMS AND JELLIES:** You may purchase three-quarters of a pound of sugar to one pound of fruit for jams and jellies.

**METHOD REQUIRED:** Jams and jellies are to be made using three parts of sugar to four parts of fruit or juice.

**SUGAR RATION COUPONS NEED NOT BE SURRENDERED WHEN PURCHASING SUGAR FOR PRESERVING BUT RATION COUPON NUMBER MUST BE ENTERED ON PURCHASE VOUCHER.**

Use the Chart Below When Buying Sugar for Preserving

FRUIT	STANDARD PACK	WEIGHT (Approximate)	Sugar Ration FOR Jams	Sugar Ration FOR Preserving	YIELDS FROM PRESERVING (APPROXIMATE)
CHERRIES	4 BASKET CRATE	20 lbs.	15 lbs. (Not Advised for Jam)	10 lbs.	13 quarts
APRICOTS	BOX	18 lbs.	13½ lbs.	9 lbs.	10 quarts
PEACHES	BOX	18 lbs.	13½ lbs.	9 lbs.	10 quarts
PLUMS	(Also in 9 lb. Basket) LUG	15 lbs.	11¼ lbs.	7½ lbs.	7½ quarts
PRUNES	LUG	15 lbs.	11¼ lbs.	7½ lbs.	7½ quarts
PEARS	BOX	42 lbs.	(Not Advised for Jam) 31½ lbs.	21 lbs.	17 quarts
CRABAPPLES	BOX	38 lbs.	(For Jelly) 28½ lbs.	19 lbs.	FROM PRESERVING 23 QUARTS FROM JELLY 30-35 PINTS
APPLES	BOX	42 lbs.	(When used with other fruits) 31½ lbs.	21 lbs.	17 quarts
